WORK EXPERIENCE

producta.ai, Remote

Jun 2024 - Mar 2025

CTO, Co-Founder

- Built our agentic AI system to create pull requests directly from Linear/Jira tickets. Reached ProductHunt's top 3 of the day, and talked to thousands of companies before shutting down.

Zuplo, Remote

Jul 2023 - May 2024

Founding Developer Relations

- Lead Go-To-Market and Developer Advocacy efforts at Zuplo.
- Set up our analytics infra to track attribution & conversions .
- Lead partnerships resulting in significant paid signups to the product.
- Lead our paid ads, SEO and content strategy and coordinating vendor writers.
- Organized conference attendance, creating reproducible tactics to land deals.

Kubeshop (Open Source Incubator), Remote

Sep 2022 - Jul 2023

Product Leader

- Kubeshop is an accelerator of Open Source startups in the Kubernetes ecosystem. I have led the eng team and go-to-market of kusk.io and shaped the roadmap of testkube.io.

GreenMobility, Copenhagen, Denmark

Jun 2020 - Nov 2021

Fullstack Developer

- Serving 200k customers with a fleet of electric car sharing service.
- Shaped our platform from 0 to 1 in backend and frontend.

Google, Madrid, Spain

Sept 2018 - Oct 2019

Developer Relations

- Managed relationships with 65 developer communities and fostered creation of 15 new ones in Europe.
- Execute regional outreach and support programs, including large-scale public and online events.
- Lead a training program on Google technologies with 800 students around European universities.

EXTRACURRICULAR

Community Organizer

Organized from weekly meetups to 1k attendee events involving university and government resources.

Open Source Projects

- Kusk Gateway: a Kubernetes Ingress Controller driven by OpenAPI.
- Rate My OpenAPI: Upload an OpenAPI document, get a rating à la web vitals.
